

Townsville Table Tennis Association 2025 Membership Structure Summary and Benefits Table

Townsville Yearly Membership Levels		
Non-Active Member	Free	This is a member who does not play table tennis but is still involved in our Association (whether it be through volunteering or otherwise). It enables someone to become a member and receive communication from our secretary, as well as certain other member benefits that may be offered.
Social Senior Member	\$65	This is a discounted membership available to social senior players only. This level of membership entitles a player to participate in social senior fixtures on Monday, Wednesday and Friday of each week from 9am to 12pm. A Social Senior Member is able to participate in senior training sessions (Thursday night and the Saturday Women's only session) but is not otherwise able to participate in other operations of the Association, including senior fixtures or tournaments (unless the tournament is open to the public, like events in our International Women's Day Tournament and events in our Chinese New Year Tournament). This membership level is designed to maintain a low membership cost for those players who may wish to participate in social senior fixtures only. This membership includes social affiliated membership with our State and National governing bodies
Townsville Member	\$95	This is our general Townsville membership. This membership entitles a player to participate in all our Association operations, including training sessions and senior fixtures. A player with this level of membership can also participate in all Townsville tournaments held through the year, excluding the Townsville Open Championships (being a sanctioned tournament with our State governing body). A player on this membership level cannot compete in sanctioned tournaments. This includes another association open tournament, or any State and National Tournament. This membership includes social affiliated membership with our State and National governing bodies
Representative Townsville Member	\$145 <i>(\$135.00 pensioner's and/or students)</i>	This level of membership is the full membership level and entitles the player to participate in all our Association operations and all tournaments, including all sanctioned tournaments (such as the Townsville Open and the Mackay Open Championships) and all State and National level tournaments. This membership includes full affiliated membership with our State and National governing bodies
